

**CITY OF RUTLAND
BOARD OF HIGHWAY
WEDNESDAY, JULY 27, 2016**

Present: Mayor Louras, Commissioner Wennberg, Purchasing Agent Magro, Engineers Stansberry and Rotondo, and Project Manager Sears.

Mayor Louras called the meeting to order at 2:35pm.

E911

Mayor Louras stated to the Board that the function of E911 addresses is going in-house to the Building and Zoning department and will no longer be the responsibility of the Police department. He also stated that he just recently learned that the Board of Highway Commissioners can play a role in naming streets and assigning numbers if it is privately owned. Commissioner Wennberg concurred. Mayor Louras gave a few examples of mishaps when 911 was called and there was confusion on part of emergency services, specifically at College of Saint Joseph's, the gym, theatre and Admin building are all listed as 71 Clement Road. This was for information only.

Meeting adjourned at 2:45pm.

Respectively submitted,
Sara Magro
