

**CITY OF RUTLAND  
BOARD OF HIGHWAY  
WEDNESDAY, SEPTEMBER 23, 2015**

Present: Mayor Louras, President Notte, Commissioner Wennberg, Project Manager Sears, and City Clerk Henry Heck.

Meeting was called to order at 2:58 pm.

Project Manager Sears noted that there was a water leak at the Police Station. The leak was in the entrance way to the building and would involve tearing up part of the landscaping (flower box). The Board discussed how that entrance was not ADA compliant and this would be a good time to make it compliant. The Board asked Project Manager Sears to do what was necessary to fix the leak and make only necessary repairs until the engineers could look at making that entrance ADA accessible.

At 3:05 PM Mayor Louras moved to adjourned.

Respectively submitted,

Henry A. Heck  
Rutland City Clerk
