

**CITY OF RUTLAND
BOARD OF HIGHWAY
WEDNESDAY, OCTOBER 14, 2015**

Present: Mayor Louras, President Notte, Commissioner Wennberg, Project Manager Sears, and City Clerk Henry Heck. Also Present Brian Gilliam of Griswold. Dr.

Meeting was called to order at 3:01 pm.

Commissioner Wennberg sent an agenda item to the Board from residents on Griswold Dr. The Request was asking the City to accept Griswold Drive as a City St., as it is privately owned. The Board along with City Engineer Rotondo and Brian Gilliam spoke on the various issues concerning the Griswold association and their desire to have the City take over ownership of the street. There were numerous issues concerning board members, from road construction to pipe and culvert specs. The board discussed the issue for nearly an hour, noting they would need to research the request before making any plans to take control of the street, Griswold Drive.

At 3:58 PM Mayor Louras moved to adjourned.

Respectively submitted,

Henry A. Heck
Rutland City Clerk
