

**CITY OF RUTLAND
BOARD OF HIGHWAY MINUTES
WEDNESDAY, JULY 26, 2017**

Present: Mayor Allaire, PA Magro, Commissioner Wennberg, Project Manager Sears, and, Tara Kelly.

Mayor Allaire called the meeting to order at 2:30pm.

Zoning Administrator Kelly gave an update on her continued work with addressing E911 issues. She presented the members of the Board with examples of documents that are used in other towns. Mayor Allaire stated he was interested in how it rolled out in other towns and would be interested in hearing from them.

Zoning Administrator Kelly gave an overview of the E911 address Center Street and Center Street Alley. She stated Center Street Alley is privately owned but the businesses along that route should have an E911 address. Board members instructed her to talk with business owners along that route and to bring the matter up at the next department head meeting.

She also asked the members to be thinking ahead to how they will want to number the businesses along the "Center Street Marketplace" that will be constructed in the future.

Meeting adjourned at 2:45pm.

Respectively submitted,
Sara Magro
