

**CITY OF RUTLAND  
BOARD OF HIGHWAY  
WEDNESDAY, JUNE 10, 2015**

Present: Mayor Louras, President Notte, Commissioner Wennberg, Project Manager Sears, and City Clerk Henry Heck.

Meeting was called to order at 3:01 pm.

Commissioner Wennberg brought the request from Alderman Davis on her concerns for adequate lighting in the NW Neighborhood. Commissioner Wennberg and Mayor Louras both stated they had done a sight visit and both felt that based on the new lighting criteria on lighting the road, that there is enough light. Commissioner Wennberg detailed how the light works and noted that the new lights do not light like the old lights, referring to how the old lights lit area behind the pole. The new lights are brighter and concentrated to light what is directly underneath it and is functioning as it should.

Commissioner Wennberg also noted the finishing of the Routes 4 & 7 project specific to punch list items. The Commissioner did note a specific issue with the transition from the road over the sidewalk into a residences driveway and the "bottoming out" of vehicles. The Board stated that the issue should be resolved by the State and the Mayor requested that concrete be used to fix the sidewalk and not pavement.

Meeting adjourned at 3:14 PM.

Respectively submitted,

  
Henry A. Heck  
Rutland City Clerk
