The committee opened with a general update of the facilities and other activities going on at the Rec dept. Cindy gave us an administration update, programs update, Park update, and finally the items requested for funding at Giorgetti arena. The updates on Admin, Programs, and Parks is included with these minutes for review. The Giorgetti improvements and requested funding can be found on the final page of this report. The items listed are crucial to the ongoing efforts at Giorgetti arena for its continued upgrades and operation. After a few questions the motion was made by Ald. Humphrey to approve the requests in the amount not to exceed \$121,000.00. The motion passed 4-0 and I so move.
