Park Fees

DePoy, Chair, Mattis, Humphrey, Clifford.
Davis, Etori, Whitcomb.
Allaire, Markowski, Peters, Colleen Landon.
Gordon.

Kim Peters presented the committee with a list of proposed fees for the City's Parks. These fees would be only for organized events held by businesses or organizations. There would be some latitude for the Superintendent to adjust fees for charitable use or for non-profit organizations. Any waving of fees would have to come to the BOA for approval. Most of the talk centered around the newly renovated Center Street Market Place, the old Center St Alley. The list of fees is included with this report. Please keep in mind that if people just want to use the parks and are not having any kind of organized event then they are free to use as always.

On a motion by Ald. Clifford to approve the proposed fees as presented by Kim Peters titled "Facility Rental and Usage Policies," the vote was 4-0 and I so Move.
